Professional Summary

Ambitious and enthusiastic pursuing BTech seeking an internship opportunity to kickstart a career in full stack development. Eager to apply theoretical knowledge gained from my undergoing computer science degree to realworld projects. Strong communication, problem-solving, and teamwork skills. Motivated to learn and grow within a dynamic professional environment.

Education

CBSE
Intermediate
2020

Galgotias University
Bachelor of Technology (B. Tech) in Computer Science and Engineering
CGPA: 7.4
2021 – 2025

Projects

Code Editor | Frontend

- Developed a dynamic code editor allowing real-time rendering of HTML, CSS, and JavaScript.
- Integrated local storage for saving user changes, enhancing workflow efficiency.
- Leveraged custom hooks to optimize local storage usage.

Weather-Forecast App | Frontend

- Developed a dynamic weather-forecast app that fetches and displays real-time weather data using ReactJS for the front-end, Material-UI for styling, and a weather API for data.
- Implemented data visualization for temperature trends.

Skills

Technical Skills:

- Web Development (JavaScript, Python, Node.js)
- Full Stack Development
- Web Application Development
- MongoDB, Matplotlib
- Version Control (Git, GitHub)
- Code Editors (VS Code)
- Data Structures and Algorithms (DSA)

Personal Skills:

- Leadership
- Team Collaboration
- Effective Presentation
- Strong Communication
- Adaptability

Certifications

- AVR Microcontroller Programming | May 2023
- Software Engineering Virtual Experience Program | Forage, November 2022
